Let's Create Something Amazing Together!

Welcome!

Hi, I'm Hildy Wong, a passionate User Experience Designer specializing in data visualization and motion graphics. Here, I transform complex data into captivating visual stories that not only inform but inspire action. My mission is to make information accessible and engaging for everyone, especially for local marketing agencies, corporate e-commerce teams, and HR departments in medium-sized companies.

As you explore my portfolio, you'll discover a variety of projects that showcase my creative approach to data representation. I believe that well-designed visualizations can clarify insights, drive decision-making, and enhance audience engagement. Join me on this journey to unlock the potential of your data through compelling design!

About Me

Hello! I'm Hildy Wong, a designer that specialises in turning intricate data into captivating visual stories. I have an interactive media design background and am an expert in data visualisation and motion graphics, creating ideas that motivate action in addition to explaining insights.

I am aware of the difficulties faced by corporate e-commerce teams, HR specialists, and local marketing firms in today's data-driven world. I'm passionate about assisting you in achieving your goals of captivating your audience and effectively communicating ideas. My objective is to transform deluges of information into striking, lucid images that inspire and influence choices.

Every project presents an opportunity to make a lasting effect. Presentations can be improved, in my opinion, by using well-designed visualizations that make your data not only comprehensible but also captivating. I'm here to work with you to make your message pop out and give your data life.

Together, we can unlock your data's full potential. Together, we can produce images that enthral viewers and strengthen your brand!
